## CONCURRENT RESOLUTION

Whereas school music programs enhance intellectual development and enrich the academic environment for students of all ages;

Whereas students who participate in school music programs are less likely to be involved with drugs, gangs, or alcohol and have better attendance in school;

Whereas the skills gained through sequential music instruction, including discipline and the ability to analyze, solve problems, communicate, and work cooperatively, are vital for success in the 21st century workplace;

Whereas the majority of students attending public schools in inner city neighborhoods have virtually no access to music education, which places them at a disadvantage compared to their peers in other communities;

Whereas local budget cuts are predicted to lead to significant curtailment of school music programs, thereby depriving millions of students of an education that includes music;

Whereas the arts are a core academic subject, and music is an essential element of the arts;

Whereas every student in the United States should have an opportunity to reap the benefits of music education; and

Whereas NAMM, the International Music Products Association, highlights during the month of March the important role that school music programs play in the academic and social development of children: Now, therefore, be it

1        *Resolved by the House of Representatives (the Senate*  
2        *concurring), That—*

3            (1) it is the sense of the Congress that music  
4            education grounded in rigorous instruction is an im-  
5            portant component of a well-rounded academic cur-  
6            riculum and should be available to every student in  
7            every school; and

8            (2) the Congress recognizes NAMM, the Inter-  
9            national Music Products Association, for its efforts

1 to emphasize the importance of school music pro-  
2 grams in the academic and social development of  
3 children.

Passed the House of Representatives March 1,  
2005.
